

Federal Communications Commission

§ 32.5083

grade, audio and video program grade, digital transmission and local private network switching as well as the revenue from administrative and operational support services associated with private network services and facilities, e.g., charges for company-directed testing, expedited installation, and service restoration priority.

§ 32.5050 Customer premises revenue.

This account shall include revenue derived from tariffed information origination/termination plant. Included is revenue derived from the provision under leasing arrangements of tariffed customer premises equipment (CPE), terminal equipment, station apparatus and large private branch exchanges as well as tariffed nonrecurring charges related solely to station apparatus. Also included are all tariffed charges for customer premises activities and facilities not related solely to station apparatus.

§ 32.5060 Other local exchange revenue.

This account shall include revenue from the provision of secondary features which are integrated with the telecommunications network such as call forwarding, call waiting and touch-tone line service. Also included is revenue derived from the provision of public announcement and other record message services, directory assistance and other call completion services (excluding operator assisted basic long distance calls), as well as revenue derived from central office related service connection and termination charges, and other non-premise customer specific charges associated with public network services. This account shall also include local revenue not provided for in other accounts.

[51 FR 43499, Dec. 2, 1986, as amended at 59 FR 46930, Sept. 13, 1994]

§ 32.5069 Other local exchange revenue settlements.

This account shall include the charges and credits resulting from contractual revenue pooling and/or sharing agreements for tariffed local network services only when they are not separately identifiable by local network services revenue accounts in the settle-

ment process. (See also § 32.4999(e) of this subpart.) To the extent that the charges and credits resulting from a settlement process can be identified by Local Network Services Revenue account they shall be recorded in the applicable account.

§ 32.5080 Network access revenue.

(a) This account number shall be used by Class A and Class B telephone companies to summarize for reporting purposes the contents of Accounts 5081 through 5084. It shall include revenue derived from the provision of exchange access services to an interexchange carrier or to an end user of telecommunications services beyond the exchange carrier's network.

(b) Accounts 5081 through 5083 are for federally tariffed access charges while Account 5084 is to be used for state tariffed access charges.

§ 32.5081 End user revenue.

This account shall contain the federally tariffed monthly flat rate charge assessed upon end users.

§ 32.5082 Switched access revenue.

(a) This account shall consist of federally tariffed charges assessed to interexchange carriers for access to local exchange facilities.

(b) Subsidiary record categories shall be maintained in order that the company may separately report the amounts contained herein that relate to limited pay telephone, carrier common line, line termination, local switching, intercept, information, common transport and dedicated transport. Such subsidiary record categories shall be reported as required by part 43 of this Commission's Rules and Regulations.

§ 32.5083 Special access revenue.

(a) This account shall include all federally tariffed charges assessed for other than end user or switched access charges referred to in Account 5081, End User Revenue, and Account 5082, Switched Access Revenue.

(b) Subsidiary record categories shall be maintained in order that the company may separately report the amounts contained herein that relate to recurring charges, nonrecurring
